In Memoriam

DAY - In loving memory of my wife and our mother, Nannie Bryant Day, who passed away January 6, 1974.

A heart of gold stopped beating,
Two shiny eyes at rest
God broke our hearts to prove it,
He only takes the best.
Husband, Van; son, Burton; Daughters, Isabel and Betsy -
1-2-1t

In sad but loving memory to James W. Childers who passed away January 3, 1973

Two years have passed dear Jim,
Since God called you away.
But we think of you everyday.
Just a cluster of beautiful memories
Sprayed with a million tears,
Wishing God could have spared You a few more years.

A place is vacant in our home,
Which can never be filled.
A voice we loved is silent,
You hid no one a last farewell.
You said goodbye to none.
The Heavenly Gates first opened wide,
And a loving voice said come.
But as you sleep in God's garden,
You will always be remembered
Until we meet again
No morning dawns, no night returns,
But what we think of you.
Those left behind are very dear, but
None replaces you.
Sadly missed by wife, Children and grandchildren. 1-2-1p

In Memoriam

In loving memory of Robert E. Trent, Sr. who departed this life one year ago, December 30, 1973. Sadly missed by wife and son. 1-2-1p

Wins Cape

Mrs. Frances Baldwin of Pamplin (center) receives a cape from Vicki Glover (right) and Donna Paulette. The cape was raffled by the Lucky Clover 4-H Club in order to raise funds for a special Chrismas party for 1st and 2nd grade students at Pamplin Elementary School. Mrs. Baldwin's name was drawn from over 300 tickets. The cape was made and donated to the club by Mrs. Margaret Glover.

Citizens Two-Way Radio
Helps Ease Energy Crisis

How many times have you had the experience of driving to the supermarket or shopping center and returning only to learn that some important purchase was overlooked and you must return for it? Millions of American families avoid this distressing waste of time and precious fuel because they have citizens two-way radio. With CB radio, they can communicate between car and home to help every mile count.

Repairmen, salesmen, merchants, and business and professional people save time and important fuel by using two-way radio service. Citizens radio is the only authorized service which permits the same facilities to be used for both business and personal communications. No wonder, CB is now installed in over 2 million automobiles and one out of ten recreational vehicles, as well as hundreds of thousands of pleasure boats. The most rapid growth may now be among professional, over-the-road truck drivers.

Farmers have two-way radio equipped tractors so that they can communicate to the farm house and other farm vehicles to conduct their business without leaving the field. This saves considerable fuel through more efficient operation of all equipment.

With four-million sets in use, motorists can get direct routing and road directions from a knowledgeable source when traveling in unfamiliar areas. With an officially assigned emergency and motorist assistance channel (Channel 9), many police, fire and civil defense organizations, supported by thousands of volunteer groups can be contacted.

HEALTH BLUNDER

Should you feed a cold and starve a fever? Starve a cold and feed a fever? Neither, says Dr. Morris Fishbein in an authoritative new booklet on the common cold. For a copy, send 25¢ with your name and address to Cold Booklet, P.O. Box 9503, St. Paul, Minn. 55195.

Raise Funds For Muscular Dystrophy

Like to ride a bike for those who can't?

That's what college and high school students are doing to raise funds for the research and patient-service programs sponsored by the Muscular Dystrophy Association.

These monitoring stations also provide an invaluable communications lifeline in case of accident or breakdown. University research of a Detroit CB network found savings of 17 minutes reporting time over regular police and service truck patrols on a city freeway.

Emergency channel monitors can also provide assistance to those who run out of gas by dispatching someone with a supply. They can assist in finding a service station that is open, has the fuel, and can provide whatever service is required.

Submitting a simple, non-technical form, any citizen may obtain an FCC citizens radio license that costs only $20.00 for 5 years. CB radios, including antenna, range from $100 and up. It is possible to equip both your car and home for a total cost as low as $250. A valuable investment providing safety, convenience and fuel economy to help you through the energy crisis.

The Citizens Radio Section of the Electronic Industries Association has an informative pamphlet available that answers many questions about personal citizens two-way radio. It may be obtained by writing to: E. I. A. Service Dept., 21 E. Hubbard St., 7th floor, Chicago, Ill. 60611.
